MEMORANDUM

TO: DuPage County Development Committee
FROM: DuPage County Zoning Hearing Officer
DATE: May 21, 2018
RE: Z18-015 Donev (Bloomingdale/District 4)

Development Committee: June 19, 2018:

Zoning Hearing Officer: May 21, 2018: The Zoning Hearing Officer recommended to deny the following zoning relief:

A Variation to allow for an Accessory Structure on a Vacant Lot.

FINDINGS OF THE FACT:

A. The Hearing Officer finds that petitioner has not demonstrated the need to erect a detached accessory building on the property without a house where that need can not otherwise be satisfied by some other practical means, including lawn service, or transporting mowing equipment to the property to maintain the property

B. The Hearing Officer finds that the petitioner has not demonstrated practical difficulties or particular hardships in the way of carrying out a Variation to allow for an accessory structure on a vacant lot.

Letter in Support of Zoning Application

Date: 5/18/18
Zoning Application No. Z18-015 Donev

I, (full name not visible), residing at (address not visible), am writing this letter in support of Zoning Application No. Z18-015 Donev, filed by PETAR DONEV for 2N564 PEARL AVENUE, GLEN ELLYN, IL 60137.

Please be advised that the shed structure which Mr. Donev, wishes to build is a small and simple quick assembly shed and it does not require any electrical, water or gas supply. It will take only a few square feet of space and if you allow the above stated shed structure to be built and grant this variation, this WILL NOT:

1. Impair an adequate supply of light and air to the adjacent property;
2. Increase the hazard from fire or other dangers to said property;
3. Diminish the value of land and buildings throughout the County;
4. Unduly increase traffic congestion in the public streets and highways;
5. Increase the potential for flood damages to adjacent property;
6. Incur additional public expense for flood protection, rescue or relief; or
7. Otherwise impair the public health, safety, comfort, morals or general welfare of the inhabitants of DuPage County.

Additionally, before Mr. Donev became the owner of the 2N564 PEARL AVENUE, GLEN ELLYN, IL 60137, the place was poorly cared for. It was really weedy, and all the trees, bushes and shrubs were unmanged. After, Mr. Donev became the owner, him and his family took a good care for the trees, shrubs and bushes and regularly were mowing the lawn. The place became presentable and you could see that it was well taken care of. However, every time that Mr. Donev has to come to mow the lawn or care for the trees, bushes and shrubs, he has to bring tools and his riding lawn mower with him, which lawn mower is heavy and he has to unload it from his pickup truck and load it back again once he is done. Therefore, I completely understand and fully support Mr. Donev’s need and request to build a shed at his property in order to store this riding lawnmower and some gardening tools to maintain properly the trees and bushes.

Taking in consideration the above stated, I hope that you can allow Mr. Donev to build the shed structure and grant him the petition for variation.

Zoning Application No. Z18-015 Donev

Mr. Donev, residing at ____________________________ am

writing this letter in support of Zoning Application No. Z18-015 Donev, filed by PETAR DONEV for 2N564 PEARL AVENUE, GLEN ELLYN, IL 60137.

Please, be advised that the shed structure which Mr. Donev wishes to build is a small and simple quick assembly shed and it does not require any electrical, water or gas supply. It will take only a few square feet of space and if you allow the above stated shed structure to be build and grant this variation, this WILL NOT:

1. Impair an adequate supply of light and air to the adjacent property;
2. Increase the hazard from fire or other dangers to said property;
3. Diminish the value of land and buildings throughout the County;
4. Unduly increase traffic congestion in the public streets and highways;
5. Increase the potential for flood damages to adjacent property;
6. Incur additional public expense for flood protection, rescue or relief; or
7. Otherwise impair the public health, safety, comfort, morals or general welfare of the inhabitants of DuPage County.

Additionally, before Mr. Donev became the owner of the 2N564 PEARL AVENUE, GLEN ELLYN, IL 60137, the place was poorly cared for. It was really weedy, and all the trees, bushes and shrubs were unmanaged. After, Mr. Donev became the owner, him and his family took a good care for the trees, shrubs and bushes and regularly were mowing the lawn. The place became presentable and you could see that it was well taken care of. However, every time that Mr. Donev has to come to mow the lawn or care for the trees, bushes and shrubs, he has to bring tools and his riding lawn mower with him, which lawn mower is heavy and he has to unload it from his pickup truck and load it back again once he is done. MEMORANDUM

TO: DuPage County Development Committee
FROM: DuPage County Zoning Hearing Officer
DATE: May 21, 2018
RE: Z18-016 Martyka (Downers Grove N./ District 3)

Development Committee: June 19, 2018:

Zoning Hearing Officer: May 21, 2018: The Zoning Hearing Officer recommended to approve the following zoning relief:

A Variation to allow an accessory structure in the front of the front wall of the house.

Subject to the following conditions:
1. The Variation zoning relief is for a proposed garage as depicted on the petitioner’s site plan made part of Zoning Petition Z18-016 Martyka on May 21, 2018.

2. That the Variation zoning relief shall expire after 2 years from the date of approval of the subject zoning relief by the DuPage County Board or upon one of the following circumstances, whichever shall come first:
   a. The structure or use is destroyed or damaged by fire or other casualty or act of God to the extent that the cost of restoration for the above ground portion of the building, structure, or use to the condition it was prior to the destruction or damage exceeds fifty percent (50%) or more of its replacement value.
   b. The property is conveyed to new ownership.
   c. The structure is voluntarily removed.

3. That the proposed garage is for the petitioner’s personal use.

4. That the petitioner is not permitted to operate a business out of the proposed detached garage.

5. That the petitioner shall not illuminate the proposed detached garage.
6. That the owner/developer is to apply for and receive a Building Permit for all construction and/or excavation relative to the proposed detached garage on the property.

7. That in conjunction with the submittal of a building permit the developer provides a landscape plan showing partial landscape screens around the perimeter of the development. Existing fencing and landscaping can be used to satisfy the landscape requirement.

8. That the property be developed in accordance with all other codes and Ordinances of DuPage County.

FINDINGS OF FACT:

A. The Hearing Officer finds that the petitioner has demonstrated the need for a Variation to allow for an accessory structure in the front of the front wall of the house.

B. The Hearing Officer finds that the petitioner has demonstrated that due to the location of sewer lines and the location of vegetation/trees on the subject property, the only location to place a detached garage on the subject property is in front of the front wall of the house.

C. The Hearing Officer finds that petitioner has demonstrated that the subject property is located in a unique manner relative to the adjacent properties to the east and west in that those properties rear yards back up to the front yard of the subject property.

- As such, the proposed detached garage addition, while located in front of the front wall of the subject property, will be located well behind the front wall of all adjacent homes and actually will be behind the rear yards of the adjacent property.

- As such, the proposed development will maintain the spirit of the code but not having detached accessory buildings further forward of the homes adjacent to the subject property.

Dear Mike Mennen,

My name is Scott Martyka and I live at 571 86th St., Downers Grove, IL 60516. I am requesting a zoning variance from DuPage County to allow construction of a garage in front of our house line.

I am requesting this variance because I am unable to build the garage adjacent to the house because of the existence of the well and a 50+ year old tree.

The attached plat of survey (Exhibit A) provides the placement of the proposed garage and measurements.

If you do not object to the zoning variance please sign below.

MEMORANDUM

TO: DuPage County Development Committee
FROM: DuPage County Zoning Hearing Officer
DATE: May 21, 2018
RE: Z18-021 Markose (Addison/ District 1)

Development Committee: June 19, 2018:

Zoning Hearing Officer: May 21, 2018: The Zoning Hearing Officer recommended to approve the following zoning relief:

A Conditional use to allow an existing patio to remain less than 3’ (approximately 3”) from the property line where the structure has existed for at least 5 years.

Subject to the following conditions:
1. The Conditional Use zoning relief is for the existing patio only as depicted on the petitioner’s site plan made part of Zoning Petition Z18-021 Markose on May 21, 2018.

2. That the Conditional Use zoning relief shall expire after ten (10) years from the date of approval of the subject zoning relief by the DuPage County Board or upon one of the following circumstances, whichever shall come first:
   a. The structure or use is destroyed or damaged by fire or other casualty or act of God to the extent that the cost of restoration for the above ground portion of the building, structure, or use to the condition it was prior to the destruction or damage exceeds fifty percent (50%) or more of its replacement value.
   b. The property is conveyed to new ownership.
   c. The structure is voluntarily removed.

3. That the petitioner maintains the existing landscaping and fencing around the perimeter of the subject property.

4. That the petitioner shall not light/illuminate the existing patio.
5. That the owner/developer is to apply for and receive a Building Permit for all construction and/or excavation relative to the existing patio on the property.

6. That the property be developed in accordance with all other codes and Ordinances of DuPage County.

**FINDINGS OF FACT:**

A. The Hearing Officer finds that the petitioner has demonstrated evidence for a Conditional Use to allow an existing patio to remain less than 3 feet (approximately 3 inches) from the property line where the structure has existed for at least 5 years.

B. The petitioner has demonstrated that the existing patio has been in existence prior to when the petitioner purchased the subject property. The petitioner has owned the subject property for approximately 18 years.

C. The Hearing Officer finds that petitioner has demonstrated that the existing patio does not have any impact on adjacent properties and roadways, does not impact on drainage, and does not impede ventilation and light to the property or adjacent properties.

TO:    DuPage County Development Committee
FROM:  DuPage County Zoning Hearing Officer
DATE:   May 21, 2018
RE:    Z18-023 Ostrowski (Lisle/ District 2)

Development Committee: June 19, 2018:

Zoning Hearing Officer: May 21, 2018:  The Zoning Hearing Officer recommended to deny the following zoning relief:

A Conditional Use to increase sq. ft. of detached accessory buildings from 910 sq. ft. to approximately 1,582 sq. ft.

FINDINGS OF FACT:

A. The Hearing Officer finds that the petitioner has not demonstrated nor exhausted the other remedies for a Conditional Use to increase sq. ft. of detached accessory buildings from 910 sq. ft. to approximately 1,582 sq. ft.

B. The petitioner testified that he seeks to add onto his existing detached garage to allow for the storage of antique vehicles and household equipment.

C. The petitioner was previously granted zoning relief for ZP Z15-008 Ostrowski, a Conditional Use to allow two (2) existing structures (a shed and garage) which have been on the property for a period greater than five (5) years to remain at the present cumulative area of 910 sq. ft. instead of the required 850 sq. ft.

D. The Hearing Officer finds that petitioner has not demonstrated that he has extraordinary need to increase the size of the detached garage other than for a self-imposed hardship and where petitioner can not otherwise accommodate those needs with his current attached and detached garages and shed.

**PETITIONER:** MAYNARD OSTROWSKI, 5620 CHASE AVENUE, DOWNERS GROVE, IL 60516

**REQUEST:** Conditional Use to increase sq. ft. of detached accessory buildings from 910 sq. ft. to 1,582 sq. ft. approximately.

**ADDRESS OR GENERAL LOCATION:** 5620 CHASE AVENUE, DOWNERS GROVE, IL 60516

**LEGAL DESCRIPTION:** LOT 24 IN BELMONT PARK, BEING A SUBDIVISION OF PART OF SECTION 13, TOWNSHIP 38 NORTH, RANGE 10, EAST OF THE THIRD PRINCIPAL MERIDIAN ACCORDING TO THE PLAT THEREOF RECORDED APRIL 22, 1922, AS DOCUMENT 155367, IN DUPAGE COUNTY, ILLINOIS.

Respectfully Submitted,
ROBERT J. KARTHOLL
DUPAGE COUNTY ZONING HEARING OFFICER

Notice of this hearing is being sent to property owners within 300 feet of the subject property and as one of them you are invited to attend the meeting and comment on the petition. A reduced scaled sketch or drawing of the petitioner’s request is included for your review. If you have any questions or require a full scale version of the site plan, please contact the Zoning Division at (630) 407-6700.

Please be advised that access to the 421 JACK T. KNUEPFER ADMINISTRATION BUILDING is limited to the main entrance located in the center on the east side of the building.
QUESTIONNAIRE REGARDING THE SUBJECT PROPERTY:

1. For what type of building or structure are you seeking zoning relief: Additional garage space for the detached garage to increase the sq. ft. to approximately 1582 sq. ft.

2. How long have you owned the property: ___________ 3 1/2 years

3. Was the building or structure on the property when you bought the property: No, I propose to build the addition to the detached garage

4. Did you build the building or structure: No

5. How long has the building or structure been on the property: ___________

6. How close is the building or structure from the front, side and rear property lines:
   a. Front: ___________ 124.5 feet
   b. Side: ___________ 10.3 feet
   c. Corner Side: ___________ 10.3 feet
   d. Rear: ___________ 147.2 feet

7. Why do you need the building or structure: The garage addition would be used for storage of my vintage cars

8. Explain reasons why you cannot relocate building or structure to an area on the property that would meet the code (e.g., to move would be to destroy; location of septic failed, existing vegetation would be destroyed, grade of property):

9. What do you estimate is the remaining life span of the building or structure: ___________ 40 years

10. Do you have any letters of support from neighbors (attach): ___________ Yes

My name is Maynard Ostrowski. I live at 5620 Chase Ave, Downers Grove, IL 60516. I am asking the DuPage County Zoning Board for a conditional use and variation to allow me to build an additional garage space for the detached garage on my property. The conditional use would allow the square footage of the existing space to increase from 910 square feet to approximately 1582 square feet.

The purpose of this petition is to have my immediate neighbors not object to the conditional use zoning request. If you do NOT object, please sign below.

Dupage County Board of Appeals:

I am requesting a Conditional Use to allow me to build an additional garage space for the detached garage on my property. The conditional use would allow the square footage of the existing space to increase from 910 square feet (I received zoning relief on July 15, 2011 petition Z15-008 to increase the required 850 sq. ft. to 910 sq. ft.) to approximately 1582 square feet. The garage addition would be built on the back of the existing garage and would be screened from our street by the existing garage, house and vegetation. Our lot size is 39,607 square feet, almost one acre and it would not change the beauty of our yard.

The garage addition would be used for space of my vintage cars. I do not buy and sell my cars or operate any business from our residence. This is a hobby that I have enjoyed since a young age. I am 65 years old and work part time as a Plastic Sales Engineer.

The proposed garage addition will be built 10 feet from the property line, in line with the existing detached garage. No trees would be removed and would not impair any supply of light to our neighbors. No neighborhood traffic would be affected because we will be using the existing driveway. The structure would not interrupt any drainage or cause any flood issue to our neighbor’s property. No first responder’s cost would be incurred. The garage addition would not create a nuisance because it would be used as storage for my hobby.

MEMORANDUM

TO: DuPage County Development Committee
FROM: DuPage County Zoning Hearing Officer
DATE: May 21, 2018
RE: Z18-025 Cantigny-Reiling (Winfield/District 6)

Development Committee: June 19, 2018:

Zoning Hearing Officer: May 21, 2018: The Zoning Hearing Officer recommended to approve the following zoning relief:

A Variation to allow for a gravel driveway over Lot 7 and Lot 1, as existing.

Subject to the following conditions:
1. The Variation zoning relief is for the proposed gravel driveway only as depicted on the petitioner’s site plan made part of Zoning Petition Z18-025 Cantigny-Reiling on May 21, 2018.
2. That the owner/developer is to apply for and receive a Building Permit for all construction and/or excavation relative to the proposed gravel driveway on the property.
3. That the property be developed in accordance with all other codes and Ordinances of DuPage County.

FINDINGS OF FACT:

A. The Hearing Officer finds that the petitioner has demonstrated evidence for a Variation to allow for a gravel driveway over Lot 7 and Lot 1, as existing.

B. The petitioner testified that, Zoning Petition Z18-023 Cantigny-Reiling, is a joint-application filed by The Cantigny Foundation and the petitioner.

C. The petitioner testified that the gravel driveway is an ingress-egress easement located on the Cantigny Foundation property and utilized by the petitioner to access his landlocked property.
a. The gravel driveway is also utilized by the Cantigny Foundation to access adjacent properties to the east. The Hearing Officer finds that the petitioner has demonstrated practical difficulties or particular hardships in the way of carrying out a Variation to allow for a gravel driveway over Lot 7 and Lot 1, as existing.

MEMORANDUM

TO: DuPage County Development Committee
FROM: DuPage County Zoning Board of Appeals
DATE: June 8, 2018
RE: Z18-005 Hakim (K Plaza Auto Deals)
(Bloomingdale/District 1)

Development Committee: June 19, 2018:

Zoning Board of Appeals Meeting: June 7, 2018: The Zoning Board of Appeals recommended to deny the following zoning relief:

1. Conditional Use to reduce the corner side yard setback from 30 feet to approximately 10 feet to allow parking.
2. Conditional Use to reduce the interior yard setback from 20 feet to approximately 15 feet to allow parking.

ZBA VOTE (to Deny): 7 Ayes, 0 Nays, 0 Absent

FINDINGS OF FACT:
1. That petitioner testified that he seeks the subject zoning relief to allow for the additional parking of for-sale vehicles for his business, K Plaza Auto Deals.

2. That petitioner testified that the subject property is owned and managed by Tim Walter from K Plaza Holdings, LLC.
   a. The petitioner testified that he has received permission to apply for zoning relief from the subject property’s owner and has submitted documentation of said permission.

3. That petitioner testified that the subject property has no other area for parking the vehicles sold at K Plaza Auto Deals.

4. That petitioner testified that the current parking area for the K Plaza tenants is located in front of the building and north of the building. That petitioner testified that there is insufficient parking in the K Plaza parking lot to accommodate all of his vehicles for sale.
a. As such, petitioner testified that he seeks to park his for-sale vehicle in the required corner side yard setback on the east side of the property.

STANDARDS FOR CONDITIONAL USES:

1. That the Zoning Board of Appeals finds that petitioner has not demonstrated that the granting of the Conditional Use is in harmony with the general purpose and intent of the Zoning Ordinance, and will not be injurious to the neighborhood, detrimental to the public welfare, or in conflict with the County’s comprehensive plan for development as the petitioner has indicated that while there is allotted parking spaces for the tenants of K-Plaza, there is not sufficient parking in the buildable area to accommodate the intensity of his use, which included the need to park more vehicle on the property than the parking lot can accommodate.

2. That the Zoning Board of Appeals finds that petitioner has not demonstrated that the granting of the Conditional Use is in harmony with the general purpose and intent of the Zoning Ordinance; and specifically, that the granting of the Conditional Use will not:

   a. Impair an adequate supply of light and air to the adjacent property as petitioner has not demonstrated that there will be more greenspace or landscaping added to the subject property.

   b. Increase the hazard from fire or other dangers to said property as petitioner has not demonstrated adequate safety measures for parking the for-sale vehicles at the proposed setbacks including that the location of the parking lot will not have an impact on the adjacent ROW and line-of-sight impacts at the intersection of Garden Ave. and Lake Street.

   c. Diminish the value of land and buildings throughout the County as petitioner has not demonstrated that the proposed setbacks will improve the value of land and buildings in the subject property’s surrounding area.

   d. Unduly increase traffic congestion in the public streets and highways as petitioner has not demonstrated that the proposed parking configuration is appropriate for an auto-sales lot.

      • Furthermore, that information and testimony was provided by the Township Highway Commissioner and adjacent property owners indicating that the location of the paring in the required corner side yard creates traffic issues including congestion in the ROW and dangerous line-of-sight issues at the intersection of Garden and Lake Street.
e. Increase the potential for flood damages to adjacent property as petitioner has not demonstrated that the proposed parking configuration will not affect adjacent properties.

f. Otherwise impair the public health, safety, comfort, morals or general welfare of the inhabitants of DuPage County as petitioner has not demonstrated or supplied documents providing access control, signage control, and lighting for the proposed parking configuration.

Re.: Zoning Petition Z18-005 Hakim (K Plaza Auto Deals)

Dear Chairman Kartholl and Zoning Board of Appeals Members,

The Village of Roselle has reviewed Zoning Petition Z18-005 and believe that the performance standards related to the parking setbacks should be maintained. We object to the request for setback reductions on both the corner and interior side yards. Following are the Village of Roselle’s comments:

1. The applicant has requested that the corner side yard setback be reduced by more than 50%. This is a greater reduction than can be requested under the conditional use procedure outlined in DuPage County Code Section 37-802.4 (D)(1)(a).

2. Setbacks should include little more than greenspace and landscaping. Reducing the setbacks essentially reduces this greenspace and allows an increase in lot coverage. In this case, lot coverage would be over 80%. In our opinion, this is excessive for the corridor.

3. The lot was laid out with a multi-tenant retail building set back as far as possible on the lot with a double row of parking in front. The parking configuration is appropriate for traditional retail users but does not work well for auto sales. (Typically auto sales lots have a much lower ratio of building to parking and are designed with additional drive aisles and parking spaces to access and house inventory.) We do not believe that setback reductions are necessary in this situation as the issue stems from sub-optimal site selection as opposed to actual hardship on the retail lot.

4. DuPage County Code Section 37-802.4 (D) requires that the applicant file a site plan for review of access control, signage control, and lighting. If these plans have been submitted, the Village of Roselle would like the opportunity to review a copy and provide comments.

5. In 2014, DuPage County, along with the Chicago Metropolitan Area for Planning and several Lake Street Corridor communities, collaborated on the Lake Street Corridor Plan. This parcel lies in Sub-Planning Area 5, an area with a history of deeded DuPage County zoning actions related to business uses. We do not believe that the desired long term future use of the Sub-Area 5 is reinforced by the approval of a variation for this type of use.

Jack T. Knuepfer Administration Building, 421 N. County Farm Road, Wheaton, Il 60187

The Village is partnering with DuPage County, Bloomingdale Township, the Village of Bloomingdale, and the Village of Hanover Park in efforts to enhance the Lake Street Corridor in order to realize the vision presented in the adopted Lake Street Corridor Plan. Maintaining the zoning standards helps with the aesthetics of the corridor making it a more attractive thoroughfare for economic development and ultimately realizing the long term development desires of Roselle and DuPage County.

Roselle’s Village Board is meeting on Monday, June 11, 2018. At that meeting, the Board will be voting on a resolution for a formal objection to this petition pursuant to the Illinois State Statutes.

Thank you for the opportunity to share our concerns.

Sincerely,
Village of Roselle

MEMORANDUM

TO: DuPage County Development Committee

FROM: DuPage County Zoning Board of Appeals

DATE: June 8, 2018

RE: Z18-024 Hawken (Downers Grove S./District 3)

Development Committee: June 19, 2018:

Zoning Board of Appeals Meeting: June 7, 2018: The Zoning Board of Appeals recommended to approve the following zoning relief:

1. Variation from the following yard requirements:
   a. North Yard (Side) from 40 feet to approximately 3 feet
   b. West Yard (Rear) from 20 feet to approximately 3 feet
   c. East Yard (Front) from 40 feet to approximately 23 feet and 1 inch
2. Variation for gravel parkway to remain
3. Conditional Use for a private garage

Subject to the following conditions:

1. That the property be developed in accordance with the petitioner’s revised site plan made part of Zoning Petition #Z18-024 Hawken dated May 17, 2018.
2. That the private garage be used solely for the owners, (TIMOTHY N. HAWKEN) vehicles and equipment.
3. That the owner/developer is to apply for and receive a Building Permit for all construction and/or excavation that occurs on the property.
4. That in conjunction with the submittal of a building permit the developer provides a landscape plan showing partial landscape screens around the perimeter of the development. Existing fencing and landscaping can be used to satisfy the landscape requirement.
5. That the property be developed in accordance with all other codes and Ordinances of DuPage County.

ZBA VOTE (to Approve):  7 Ayes, 0 Nays, 0 Absent
FINDINGS OF FACT:

1. That petitioner testified that he seeks zoning relief to build a private garage for the storage of trucks, tractors, and equipment. Petitioner testified that the proposed private garage will be for personal use and will not be rented or leased out to the public.
   
   a. That petitioner testified that he will not run a business on the subject property.
   
   b. That petitioner testified that he had security problems on the subject property in previous years and has requested the proposed zoning relief to protect his personal property.

2. That petitioner testified that he has owned the subject property for approximately 30 years. Petitioner testified that he currently stores his trucks, trailers, and equipment on the subject property.

3. That petitioner testified that the subject property is located on a “pie-shaped” lot. Due to the “pie-shaped” lot size, the front yard is obtuse, compared to the rear yard and side yard, which is acute.
   
   a. That petitioner testified that under the current DuPage County Zoning code, the subject property is “unbuildable,” due to the required setbacks.

4. That petitioner testified that the property owner to the north requested the petitioner push the subject property’s north side yard setback from 1 foot to 3 feet. The petitioner has redesigned the layout and accepted the adjacent property owners request to move the north side yard setback to 3 feet.

STANDARDS FOR VARIATIONS AND CONDITIONAL USES:

1. That the Zoning Board of Appeals finds that petitioner has demonstrated that the granting of the Variations and Conditional Uses is in harmony with the general purpose and intent of the Zoning Ordinance, and will not be injurious to the neighborhood, detrimental to the public welfare, or in conflict with the County’s comprehensive plan for development.

2. That the Zoning Board of Appeals finds that petitioner has demonstrated the granting of the Variations and Conditional Use will not:

   a. Impair an adequate supply of light and air to the adjacent property as petitioner has demonstrated that he has adjusted the proposed setbacks to accommodate the
adjacent property (to the north) owner’s request for a three feet north yard (side) setback.

b. Increase the hazard from fire or other dangers to said property as petitioner has demonstrated that they will receive a building permit from the County for the proposed private garage and will be built pursuant to the current building codes.

c. Diminish the value of land and buildings throughout the County as petitioner has demonstrated that the general area surrounding the subject property is aging, and that the addition of new building will positively impact land values in the area.

d. Unduly increase traffic congestion in the public streets and highways as petitioner has demonstrated that the subject property will be for personal use only and will not be open for public use, therefore, there will be no increase in traffic.

e. Increase the potential for flood damages to adjacent property as petitioner has demonstrated that the subject property and surrounding properties maintain gravel parking lots and drives, maintaining adequate surface drainage. Additionally, the petitioner has demonstrated that due to the topography of the subject property, there is natural drainage to the south to the canal/river.

f. Incur additional public expense for flood protection, rescue or relief as petitioner has demonstrated that the County’s Stormwater Department has no objections to the proposed setback variations, gravel parkway variation, or conditional use for a private garage.

g. Otherwise impair the public health, safety, comfort, morals or general welfare of the inhabitants of DuPage County as petitioner has demonstrated that the neighbors do not object to the subject development and that the proposed private garage will be an added benefit to the neighborhood.

While you have submitted this information already you will be required to submit the following information at the hearing as part of the public record:

- Submit one (1) copy of the plat of survey;
- Submit one (1) copy of the site plan;
- Any other supporting material as official petitioner’s exhibits. If you plan to submit petitions from neighboring homeowners, the petition must be notarized.

**In addition, you will need to address the following criteria at the public hearing:**

**VARIATION: Section: 37-1411.3 Standards for Variations.**

A. That there are practical difficulties or particular hardships in the way of carrying out the strict letter of the regulations of the Zoning Ordinance.

B. That the granting of any Variation is in harmony with the general purpose and intent of the Zoning Ordinance, and will not be injurious to the neighborhood, detrimental to the public welfare, or in conflict with the County’s comprehensive plan for development.

C. That the granting of the Variation will not:
   1. Impair an adequate supply of light and air to the adjacent property;
   2. Increase the hazard from fire or other dangers to said property;
   3. Diminish the value of land and buildings throughout the County;
   4. Unduly increase traffic congestion in the public streets and highways;
   5. Increase the potential for flood damages to adjacent property;
   6. Incur additional public expense for flood protection, rescue or relief; or
   7. Otherwise impair the public health, safety, comfort, morals or general welfare of the inhabitants of DuPage County.

**CONDITIONAL USE: Section: 37-1413**

A. That the granting of any Conditional Use is in harmony with the general purpose and intent of the Zoning Ordinance, and will not be injurious to the neighborhood, detrimental to the public welfare, or in conflict with the County’s comprehensive plan for development; and specifically that the granting of the Conditional Use will not:
   1. Impair an adequate supply of light and air to the adjacent property;
   2. Increase the hazard from fire or other dangers to said property;
   3. Diminish the value of land and buildings in the vicinity of the proposed Conditional Use;
   4. Unduly increase traffic congestion in the public streets and highways;
   5. Increase the potential for flood damages to adjacent property;
   6. Incur additional public expense for fire protection, rescue or relief; or
7. Otherwise impair the public health, safety, comfort, morals or general welfare of the inhabitants of DuPage County, nor will it otherwise create a nuisance.
