5. CHAIRMAN'S REPORT

Chairman Cronin gave the following remarks:

Today the FY 2020 final budget comes before you for approval. I commend those who worked with us throughout this process. I also wish to thank our County department heads who combed through their budgets looking for savings while remaining committed to the outstanding level of services our residents demand and deserve.

It seems each year, the budget process becomes more challenging. I pledge to work with our DuPage legislative delegation to help members understand the pressures we face at the county, and to advocate on behalf of our residents so that our tax dollars make an impact right here in DuPage County.

Speaking of our tax dollars, we received welcome news from the U.S. Department of Housing and Urban Development on Friday. Following a competitive application process, HUD increased the DuPage Housing Authority’s allocation of Mainstream Housing Choice vouchers, which provide affordable housing support to adults with disabilities. This increase of 60 vouchers, providing value of more than $600,000 to the community, will allow HUD to serve...
more clients and find the appropriate level of support for each client to live independently in safe, affordable housing. Congratulations to the Board of the DuPage Housing Authority and staff including Executive Director, Kenny Coles. Our thanks to HUD Midwest Regional Administrator Joseph Galvan, who met with Vice-Chair Jim Zay and Health Department Vice-President Dr. Lanny Wilson on Friday to share the news. We are pleased that DuPage was among the nine Illinois agencies awarded additional vouchers, based on our residents’ needs. And kudos to the Housing Authority for putting together a compelling grant application. This is welcome news, indeed and truly, something we are thankful for.

A. DC-O-0079-19 ORDINANCE -- Z19-053 -- ORDINANCE – TQ Homes: The Zoning Board of Appeals recommended to approve the following zoning relief: 1. Reclassification of the property via map amendment (rezoning) from R-4 to R-5; 2. Conditional Use for planned development in the R-5 district, with exceptions or deviations to allow buildings at a height of 35 feet. (Lisle/ District 2)(Generally located southwest of I-70 and Maple Avenue, approximately 1,200 feet east of 59th Street and Elm Street) ZBA VOTE (to Approve): 7 Ayes, 0 Nays, 0 Absent DuPage County Development Committee Vote to Approve: 4 Ayes, 0 Nays, 3 Absent

WHEREAS, a public hearing was held on October 24, 2019 in the DuPage County Administration Building, 421 North County Farm Road, Wheaton, Illinois at 6:00 P.M. before the DuPage County Zoning Board of Appeals and notice of said hearing was duly given; and

WHEREAS, a petition was presented at this hearing requesting the following zoning relief:

1. Reclassification of the property via map amendment (rezoning) from R-4 to R-5;
2. Conditional Use for planned development in the R-5 district, with exceptions or deviations to allow buildings at a height of 35 feet, on the property hereinafter described:

THE WEST 224 FEET OF LOT 1 IN THE MEADOWS SWIM CLUB ASSESSMENT PLAT OF PART OF THE EAST HALF OF THE NORTHEAST QUARTER OF SECTION 14, TOWNSHIP 38 NORTH, RANGE 10 EAST OF THE THIRD PRINCIPAL MERIDIAN, ACCORDING TO THE PLAT THEREOF RECORDED MARCH 4, 1964 AS DOCUMENT R64-6994, IN DUPAGE COUNTY, ILLINOIS; and

WHEREAS, the Zoning Board of Appeals, having considered in relation to the
above requested zoning petition presented at the above hearing and at the recommendation meeting held on November 7, 2019 does find as follows:

**FINDINGS OF FACT (REZONING FROM R-4 TO R-5):**

1. That petitioner testified that they seek the subject zoning relief to rezone and build three (3) buildings on the subject property.
   - Furthermore, that petitioner testified that each building will contain two (2) homes (duplexes), for a total of six (6) homes.

2. That petitioner testified that the subject property is owned by the Meadows Swim Club, that the subject property will be subdivided, and that petitioner will construct the proposed duplexes on the eastern proposed lot.

3. That petitioner testified that the existing land uses within the general area are: recreational/institutional uses located directly to the west of the subject property (Meadows Swim Club); educational institutional uses located just west of the Swim Club (elementary school); multi-family residential uses located directly east of the subject property (townhomes); and single-family residential uses directly to the south of the subject property.

4. That petitioner testified that the trend of development in the general area is towards townhome housing and educational institutions.
   - Furthermore, that petitioner testified that the property directly north of the subject property is zoned R-5 General Residential; that the property east of the subject property is zoned R-5 General Residential; that the property directly south of the subject property is zoned R-4 Single-Family Residential; and that the property directly west of the subject property is zoned R-4 Single-Family Residential.

5. That petitioner testified that the subject property is currently open space utilized by the Meadows Swim Club.
   - That petitioner testified that the proposed rezoning would continue with the trend of development in the surrounding area, which is toward general-residential zoning and institutional uses.

6. That petitioner testified that the subject property is not suitable zoned under R-4 Single Family Residential, as there is a townhome development to the east and Meadows Swim Club to the west of the subject property, and that single-family housing would be an impractical zoning district located between the two uses.

**FINDINGS OF FACT (CONDITIONAL USE):**

1. That petitioner testified that they seek the subject zoning relief to rezone and build three (3) buildings on the subject property.
• Furthermore, that petitioner testified that each building will contain two (2) homes (duplexes), for a total of six (6) homes.

1. That petitioner testified that each unit will be approximately 2,600 sq. ft., including a first-floor two (2) car garage, first-floor common living area, and three (3) bedrooms on the second level.

2. That petitioner testified that they plan to physically alter the terrain/elevations to create a visual buffer between the existing R-5 townhomes to the east and the existing Meadows Swim Club, including screening through the addition of trees and shrubs.

3. That petitioner testified that due to high water tables on the subject property, that they are unable to develop the homes with typical eight (8) foot basements with sump pumps, as the sump pumps would constantly run.

• Furthermore, that petitioner testified that they cannot add a basement for additional storage due to the high-water table and that they require additional space by increasing the height of the homes to thirty-five (35) feet.

4. That petitioner testified that each residential dwelling unit will have a two (2) car garage, as well as space for two (2) additional vehicles on the driveway.

5. That petitioner testified that under the proposed development, each homeowner will be responsible for snow removal and will have typical residential trash collection.

STANDARDS FOR CONDITIONAL USES:

1. That the Zoning Board of Appeals finds that petitioner has demonstrated that the granting of the Conditional Use is in harmony with the general purpose and intent of the Zoning Ordinance, and will not be injurious to the neighborhood, detrimental to the public welfare, or in conflict with the County’s comprehensive plan for development; and specifically, that the granting of the Conditional Use will not:
   a. Impair an adequate supply of light and air to the adjacent property as petitioner has demonstrated that the proposed development will create buffers on each side of the subject property through elevation and landscaping, which will not impact the supply of light and air to adjacent properties.
   b. Increase the hazard from fire or other dangers to said property as petitioner has demonstrated that they will receive a building permit from the County for the proposed development, and that it will be built pursuant to the current building codes.
   c. Diminish the value of land and buildings throughout the County as petitioner has demonstrated that the construction of the proposed development will be an added benefit to the neighborhood on a portion of the Meadows Swim Club property that has remained vacant/open space for many years.
d. Unduly increase traffic congestion in the public streets and highways as petitioner has demonstrated that the proposed development will not unduly increase traffic congestion, as petitioner will develop the property similarly to homes in the surrounding area.

e. Increase the potential for flood damages to adjacent property as petitioner has demonstrated that they will receive a building permit from the County for the proposed development, and that it will be built pursuant to the current building codes.

f. Incur additional public expense for flood protection, rescue or relief as petitioner has demonstrated that they will receive a building permit from the County for the proposed development, and that it will be built pursuant to the current building codes.

g. Otherwise impair the public health, safety, comfort, morals or general welfare of the inhabitants of DuPage County as petitioner has demonstrated that the proposed development would be an added benefit to the surrounding area, as the development would act as a buffer between the Meadows Swim Club to the west of the subject property and the townhome development to the west of the subject property.

B. DC-O-0080-19 ORDINANCE -- Z19-069 -- ORDINANCE -- Cooper: The ZHO recommended to approve the following zoning relief: 1. Variation to increase height of a detached garage from 15’ to approximately 16.5’; 2. Variation to increase square footage of detached garage from 850’ to approximately 1,056’; and 3. Variation to reduce the side yard setback to approximately 4’ from 10’. (York/ District 2)(Generally located northeast of Highland Avenue and 39th Street, approximately 2,000 feet north of 39th Street on Glendenning Road) ZHO Recommendation to Approve DuPage County Development Committee Vote to Approve: 4 Ayes, 0 Nays, 3 Absent

WHEREAS, a public hearing was held on October 16, 2019 and November 6, 2019 in the DuPage County Administration Building, 421 North County Farm Road, Wheaton, Illinois at 2:30 P.M. before the DuPage County Zoning Hearing Officer and notice of said hearing was duly given; and

WHEREAS, a petition was presented at this hearing requesting the following zoning relief:

1. Variation to increase height of a detached garage from 15’ to approximately 16.5’;
2. Variation to increase square footage of detached garage from 850’ to approximately 1,056’; and
3. Variation to reduce the side yard setback to approximately 4’ from 10’, on the property hereinafter described:

LOT 4 IN BLOCK 5 IN ARTHUR T. MCINTOSH AND COMPANY’S FAIRVIEW AVENUE SUBDIVISION, BEING A SUBDIVISION IN THE EAST ½ OF SECTION 5, TOWNSHIP 38 NORTH, RANGE 11, EAST OF THE THIRD PRINCIPAL MERIDIAN, AND IN THE SOUTH EAST 1/4 OF SECTION 32, TOWNSHIP 39 NORTH, RANGE 11, EAST OF THE THIRD PRINCIPAL MERIDIAN, ACCORDING TO THE PLAT THEREOF RECORDED SEPTEMBER 7, 1923 AS DOCUMENT 169326, IN DUPAGE COUNTY, ILLINOIS. COMMONLY KNOWN AS 3740 GLENDENNING ROAD, DOWNERS GROVE, ILLINOIS; and

WHEREAS, the Zoning Hearing Officer, having considered in relation to the above requested zoning petition presented at the above hearing and at the recommendation meeting held on November 6, 2019 does find as follows:

FINDINGS OF FACT:
A. The Hearing Officer finds that petitioner has demonstrated evidence for a Variation to increase height of a detached garage from 15’ to approximately 16.5’; Variation to increase square footage of detached garage from 850’ to approximately 1,056’; and
Variation to reduce the side yard setback to approximately 4’ from 10’.

B. That petitioner testified that he seeks the subject zoning relief to build an addition on the existing detached garage, as the existing detached garage can only store two (2) vehicles.

- Furthermore, that the proposed garage addition will extend the existing detached garage, by only adding three (3) walls to the rear. As such, petitioner will be keeping with the existing conditions of the subject property, including the existing side yard setback of approximately four (4) feet.

C. That petitioner testified that the subject zoning relief will allow petitioner to property store three (3) vehicles inside the detached garage, out of the natural elements.

- Furthermore, petitioner testified that the existing home has limited storage, causing him to park vehicles outdoors and using the existing detached garage as additional storage space for the subject property.

D. That Hearing Officer finds that petitioner has demonstrated evidence for a practical difficulty and unique circumstance in carrying out the strict letter of regulations of the Zoning Ordinance, as the existing home was built with limited storage space, requiring petitioner to build an addition on the existing detached garage for additional storage.

- Additionally, that petitioner testified that the existing detached garage was built approximately four (4) feet from the interior side property line.

E. That Hearing Officer finds that petitioner has demonstrated that a Variation to increase height of a detached garage from 15’ to approximately 16.5’; Variation to increase square footage of detached garage from 850’ to approximately 1,056’; and Variation to reduce the side yard setback to approximately 4’ from 10’, does not have any impact on adjacent properties and roadways, does not impact on drainage, and does not impede ventilation and light to the subject property or adjacent properties.

WHEREAS, a public hearing was held on November 6, 2019 in the DuPage County Administration Building, 421 North County Farm Road, Wheaton, Illinois at 2:30 P.M. before the DuPage County Zoning Hearing Officer and notice of said hearing was duly given; and

WHEREAS, a petition was presented at this hearing requesting the following zoning relief:

1. A Variation is sought to increase the overall height of the new relocated off-premise advertising sign from the permitted 20 feet overall height (OAH) to approximately 55 feet OAH;
2. A Variation is sought to increase the sign square footage from the permitted 50 square feet to approximately 378 square feet per face (756 square feet total); and
3. A Conditional Use to permit the installation of a back-to-back 10.5’ x 36’ LED digital display panels (electronic message signs) on each side of the newly re-located sign structure, on the property hereinafter described:

LOTS 6, 7, AND 8 (EXCEPT THAT PART OF SAID LOTS TAKEN BY CONDEMNATION IN CASE #88ED29) IN BLOCK 5 IN GLENBARD ACRES HOMESITES BEING A SUBDIVISION IN THE NORTH HALF OF SECTION 24, TOWNSHIP 39 NORTH, RANGE 10 EAST OF THE THIRD PRINCIPAL MERIDIAN, ACCORDING TO THE PLAT THEREOF RECORDED FEBRUARY 8, 1923, AS DOCUMENT 162673, IN DUPAGE COUNTY, ILLINOIS.; and

WHEREAS, the Zoning Hearing Officer, having considered in relation to the above requested zoning petition presented at the above hearing and at the recommendation meeting held on November 6, 2019 does find as follows:

FINDINGS OF FACT:

A. That Hearing Officer finds that petitioner has demonstrated evidence for a Variation is sought to increase the overall height of the new relocated off-premise advertising sign from the permitted 20 feet overall height (OAH) to approximately 55 feet OAH; a Variation is sought to increase the sign square footage from the permitted 50 square feet to approximately 378 square feet per face (756 square feet total); and a Conditional Use to permit the installation of a back-to-back 10.5’ x 36’ LED digital display panels (electronic message signs) on each side of the newly re-located sign structure.
• Furthermore, that petitioner testified that he originally applied for a Variation to locate the front edge of the billboard sign to be located approximately 10 feet off the front lot line (Roosevelt Road ROW) from the permitted 15 feet setback, but has since withdrawn this Variation as it is not required.

B. That petitioner testified that he seeks the subject zoning relief to change out an existing static sign (billboard) to a dual-paneled LED/electronic message center sign on the subject property located on the southside of Roosevelt Road, approximately 780 feet east of I-355.

• That petitioner testified that the proposed billboard will be smaller in copy area and height compared to the existing billboard, which is 672 sq. ft./per face and approximately 92 feet tall. Additionally, petitioner has proposed to remove an additional existing billboard located approximately 325 feet east of the subject sign location.

C. That petitioner testified that due to two (2) existing cell towers on the subject property and current OSHA Halo requirements regarding cell towers, they are unable to operate on the existing billboard, requiring petitioner to remove the existing billboard, and replace with the proposed billboard, which requires a Variation in order to be built pursuant to all codes and Ordinances of DuPage County.

D. That Hearing Officer finds that petitioner has demonstrated evidence for a practical difficulty and unique circumstance in carrying out the strict letter of regulations of the Zoning Ordinance, as the existing billboard sign does not meet current zoning regulations and OSHA requirements in relation to cell towers, and that to remove and replace the existing billboard would require the proposed zoning relief.
